

Social Distancing at Checkout

It is important to remember that COVID 19 represents a significant risk to everyone. Our student accommodation remains home to many people, some of whom may be very concerned about the risk of infection posed by an increased number of people on sites. We request that for everyone's benefit you take note of the following:

Book a checkout appointment

Book an appointment/collection time online (these will be limited to allow for social distancing).

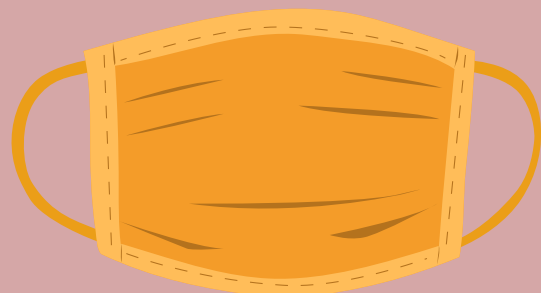

Use hand sanitiser

Please ensure that you bring sanitiser with you or use the facilities in your accommodation.

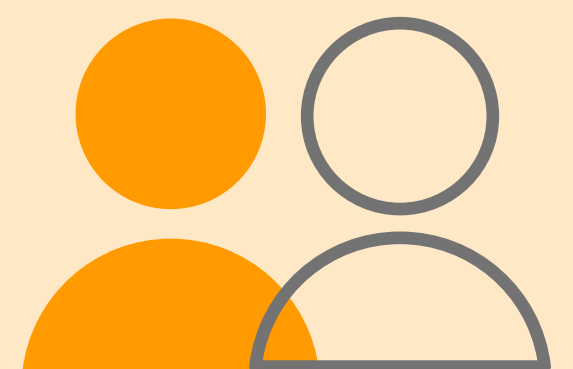

You may need a face covering

You should be prepared to wear a face covering if you encounter other people in the building and social distancing is not possible.

Maximum 1 other person

During your checkout appointment there is a maximum limit of two people - yourself and one other person to assist if necessary. This person should stay in the car whenever possible.

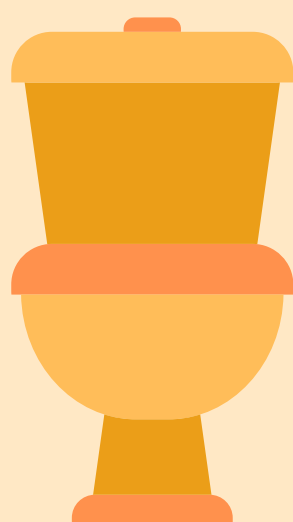

Use trolleys provided

Please use our trolleys to minimise the amount of journeys through the buildings, please use the cleaning products provided before and after use and return to the collection area promptly.

Toilet facilities

Should you need to use the toilet before heading back, please use the one in your ensuite bathroom.

Handing in keys

Once you have cleared your accommodation of all your belongings and placed all rubbish in the bins, please leave your keys in the CityBlock mailbox.
